Discussion: BOB radio- membership for radio ads Hi Frau Lu,

The Chamber and I could both benefit from more exposure! The Chamber could benefit having another member. And it might wake up other media to get involved with their community!

Sure the radius of the BOB-FM are is centered around Albany, but it covers many communities that surround Long Prairie. With an area that covers the 2nd biggest farm area in the nation. From Alexandria to Eagle Bend to Little Falls to St Cloud to Willmar. News about Long Prairie could travel with just a little air time.

Radio is the #1 media for farmers and they are captive from sunrise to sunset. Local radio is not just KEYL. I have travelled around the area tuned to BOB FM and the music is the same when I get out of my car and meet the people of Upsala and a Swanville. Every little town has its own celebrations, and it would be good that we knew better what was going on around us. The Benton County Fair just finished and the Stearns County fair before that. Do they know the Todd County fair is going on right now?

Freeport may know what we're doing, but<http://www.americantowns.com/mn/freeport/events> had Todd County Fair August 15, 2015 from 7:00am to 10:00pm Long Prairie, MN, Todd Soil And Water Conservation, Long Prairie, MN From: Todd County Fair Category: Arts and Entertainment

Did you know what Freeport did this summer? <http://www.kasmwqpm.com/>
